Globalpack Hot Melt

Globalpack Hot Melt

GlobalPack Hot Melt is made in the USA . This Hot Melt Tape is quality assured with the convenience of quick tack characteristics.

With high quality standards, hot melt tape can seal cartons in a wide range of conditions.

This tape will not peel, crack or dry out. This is a great tape for repetitive applications and works extremely well with taping equipment.

Put GlobalPack Hot Melt to the test with any domestic national brand and experience the difference.
